

Construction Services

ADVANCED TERRA TESTING

Small, independent geotechnical laboratory with expertise in soils mechanics, rock mechanics, materials testing, geosynthetics testing and construction services.

Laboratory services certified by AASHTO re:source, CCRL and GAI-LAP

► Fresh Concrete Testing

► Field Inspections

► Nuclear Density Testing

Advanced Terra Testing (ATT) offers a variety of construction services. We can provide Nuclear Density Testing, Field Inspections, Fresh Concrete Testing as well as an on-site Mobile Laboratory and other specialized services.

A highly-trained technician with current ACI and WAQTC certifications will be on site to ensure your geotechnical testing and inspection needs are met. ATT has an extensive inventory of equipment—from handheld GPS devices to a mobile laboratory—to meet your construction services needs.
